

GCSE / EDEXCEL / 1 YEAR

MATHEMATICS GCSE

This course is for those students who have not yet gained a grade 4 standard pass.

The year-long course provides students with the opportunity to take a second look at the various topics on the GCSE syllabus and to refine previously acquired mathematical skills.

The course content covers:

NUMBER, ALGEBRA, GEOMETRY, MEASURES, STATISTICS, PROBABILITY.

It is expected that all students entering Level 3 courses at the Centre who have not previously achieved a grade 4 at GCSE Mathematics follow this course to successfully achieve a grade 4 or above.
